

This puzzle is based on *The Fourth Eye*, published online at www.cryptexhunt.com - I really enjoyed it, I wonder what's *coming next*?

The book contains one puzzle per chapter, and the first seven in the series all lead to a five-letter word.

I thought of making the answer to this puzzle a six-letter word, but it is five like the rest.

After an exciting week of puzzling, secrET MAusoleum triumphed in Cryptex Hunt 2020.

All the clues you need for the solution to this bonus puzzle are in this text.
